

E21 - Wireless 5.1 Headphones

Bluetooth 5.1 audio headset in antibacterial rubber with customizable lighting logo.

The microphone function provides superior call quality.

One jack cable is provided for listening on non-Bluetooth devices or to use the headset when it has run out of battery.

A polyester pouch is also provided to protect the headphones when transported.

Customization of the lighting logo is included on 1 earpiece (optional on the 2nd earpieces).

Everything is included: personalization of the lighting logo, rubber finish, charging cable, jack cable, polyester case and recycled and recycled paper gift box.
