

O23 - Wireless Ergonomic Mouse

Rechargeable wireless ergonomic mouse with rubber and lighting logo.

The O23 is shaped for palm comfort. With a 66° angle, palm and arm distortion is reduced. Its ergonomic design helps reducing hand strain and fatigue over a long period of time.

On a full charge, the wireless mouse has an autonomy of 8 hours in constant use (Autonomy varies according to use and computing conditions).

0.70 meter USB charging cable included. When the battery is completely discharged, the mouse can be used with the charging cable.

Everything is included: personalization, charging cable and recycled cardboard gift box.
