

W19 - Foldable Wireless Charger

10W wireless charger, made of PU and ABS rubber with lighting logo.

The charger is compatible with Qi charging. It is possible to fold the charger to build a horizontal and vertical charging support for your compatible devices.

W19 is light and easily transportable, it is designed to be nomad. The material of the charger is coated, resistant and pleasant to the touch. It incorporates several magnets that allow quick and intuitive folding.

The lighting logo lights up when the product is powered on.

Everything is included: customization, charging cable and gift box.
