

K01 - Electric Wine Opener

Metal & rubber electric wine opener to open any bottle in about 8 seconds without effort.

Works thanks to an integrated battery which is rechargeable via its USB-C socket. This model can open up to 50 bottles with a single charge.

A blue LED light indicates when it is working. Its base, in addition to providing good stability to the device, will also serve as a foil cutter. Supplied in a gift box.

Everything is included: light-up logo customization, charging cable and gift box.
