

P32 - Eco Solar Powerbank 10.000

This battery has been designed to be environment-savvy: bamboo wood, solar panel & 3-in-1 rPET cable.

This solar powerbank is made of certified wood and soft touch recycled ABS. It has a capacity of 10.000 mAh and is customizable with light-up logo.

You can recharge the powerbank thanks to its solar panel, made of mono-crystalline or with the included 3-in-1 rPET charging cable.

This powerbank has a USB-C and USB-A input/output and 5W wireless output. Your devices can be recharged with the included cable or the wireless charging 5W.

The logo lights up for 30 seconds as the battery is handled. It stays lit when charging.

Everything is included: light-up logo customization, recycled cardboard gift box and 3-in-1 rPET cable (micro-USB, type C and iPhone).
