

# C50 - Display Cable 3-in-1 - 100W

Combining innovation and design, this fast charging cable has a power of 100W and has a dual display: luminous logo on one side and digital display of the charging speed on the other side.

The cable allows data transfer onto computers for any type of device (USB-C + Lightning).

The dual USB-A + USB-C output allows the cable to be 100% compatible with the latest computer models and can charge several devices at the same time.

The USB-C / Lightning plugs are equipped with super fast charge (PD) power.

An integrated LED flashes once the device is fully charged, providing a clear and elegant charging status indication.

This one meter cable for Type C, iPhone and Android is made of rPET (plastic from recycled bottles).

Everything is included: double-sided personalization and recyclable pouch with recycled paper card.
