

P24 - Powerbank MagMetal 10000

10000 mAh recycled aluminum battery, customizable with luminous logo.

Magsafe technology enables the battery to be magnetically attracted to the back of the phone, recharging it by induction. If your phone doesn't have this technology (from Iphone 12), you can use the magnetic ring supplied.

The 20W fast charge cable supplied can charge several devices at the same time, and features dual input (USB A and Type C).

Everything is included: lighting logo customization, rPET cable and recycled cardboard gift box.
