

W38 - 3-in-1 MagStand

The 3-in-1 MagStand is a wireless charging solution designed to power up to three devices from one compact desktop charger.

It features a 15W magnetic charging area for a smartphone, a dedicated space for Apple Watch®, and a 5W wireless charging area for earbuds or other devices.

Its magnetic charging system ensures optimal alignment for compatible smartphones.

Everything is included: customization with a light-up logo, an rPET cable and a recycled cardboard gift box with magnetic closure.
