

K09 - Cooler Wine Pouch

Insulated bottle pouch with an integrated 3-in-1 waiter's corkscrew.

Made from durable polyester with an insulated lining, it keeps a standard-size bottle cool and includes a sommelier's corkscrew attached to the side. It combines a bottle opener, corkscrew and foil cutter, providing everything needed to open a bottle.

It features a dedicated laser-engraving plate on the front.

Supplied in a non-woven storage pouch.

Everything is included: laser engraving and storage pouch.
