

W30 - Alarm Clock 10W

Alarm clock with 10W Qi-compatible induction charging stand in wood with rubber and lighting logo.

The base can charge all devices compatible with induction technology (smartphone, headphones, ...).

It also has a clock function that indicates the time and the ambient temperature with an alarm function. The clock must be connected directly to the power source.

This product has been designed in compliance with environmental standards.

Everything is included: customization, rPET charging cable and recycled cardboard gift box with magnetic closure.
